

1. Cut the paper in half.

2. Fold it in half to make a square and open it.

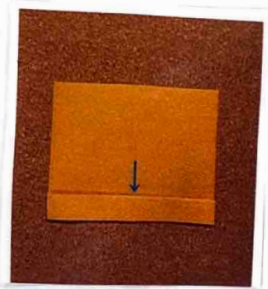

3. Fold it up and down along the horizontal center line.

4. Rotate 90 degrees to change the direction and turn it over.

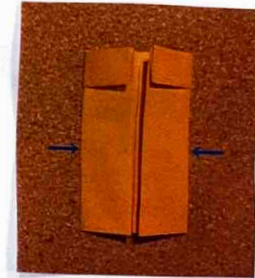

5. Fold the bottom side about 2 cm in a valley.

6. Align the upper side of the valley fold part with the lower side and fold the valley.

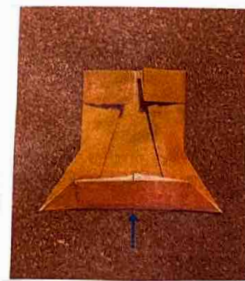

7. Turn it over from bottom to top.

8. Fold the left and right sides along the vertical center line.

9. With the upper side as the fulcrum, open the left and right as shown in the figure and fold.

10. Fold the line connecting the lower left and right corners into a valley, and you have a foundation.

11. Glue each of the arrow parts and combine the main body of Kadomatsu with the base to complete Kadomatsu!
